Monique Mogilka, Statistical Research Specialist

July 29, 2019

This publication is issued by the Oklahoma State Bureau of Investigation (OSBI) under the authority of Director Ricky Adams. Copies have been deposited with the Publications Clearinghouse of the Oklahoma Department of Libraries.

This report has been prepared by the Office of Criminal Justice Statistics. Crime data for this report were provided by the Field Services Unit, Information Services Division. Research staff would like to thank the following individuals for their assistance and support in creating this report.

Section Supervisor	Anne Simons
Field Services Unit	Talia Lane
	Jacquelyn Cruise
	Derrie Fox
	Annie Gilbreath
	Aaron Gray
	Lenedia Hendricks
	Anita Wood
	Corey Morris
	Mary Searock
Office of Criminal Justice Statistics	Kara Miller
	Monique Mogilka
OMES Staff	Jack Keisorn
	Jebessa Mosisa

The OSBI would also like to thank the 418 law enforcement agencies that contributed data to the Uniform Crime Reporting Program by using the Summary Reporting System or the State Incident-Based Reporting System (SIBRS).

OSBI Commission

State statute requires the OSBI Commission include one sheriff, one district attorney, one police chief, and four lay members. Each member is appointed by the Governor and approved by the Oklahoma Senate to serve staggered seven-year terms. The Commission has five statutory responsibilities: to appoint the Director of the OSBI; to hear complaints against the OSBI or any of its employees; to make recommendations to the Director of any needed disciplinary action as a result of any investigation conducted upon a complaint received; to establish general procedures with regard to assisting law enforcement officers and district attorneys; and to establish a program of training for agents. Current Commissioners include:

Mike Boring – Chairman and District Attorney Member

James M. (Mike) Boring was elected district attorney for District One in 2003. District One covers Beaver, Cimarron, Harper, and Texas counties. Mr. Boring has been a life-long resident of Texas County, graduating from Guymon High School and Panhandle State University. Mr. Boring earned his Juris Doctorate from Oklahoma City University in 1976, at which time he moved back to Guymon to practice law. Mr. Boring was appointed to the Commission by Governor Mary Fallin in 2013.

David Houser – Chief Member

Chief of Police David Houser oversees the operations of the Durant Police Department and the 911 Communications Center in Bryan County. He began his career as a Reserve Officer at the Durant Police Department in February 1992 and became a full-time patrolman in April of 1992. In September 2015, he served Durant Police Department as the Interim Chief and was appointed Chief of Police in February 2016. He has served in numerous leadership assignments within the Durant Police Department and has had the unique opportunity to be involved in the development and implementation of many current and past programs of the department. Chief Houser holds a position on the CLEET Advisory Council and is the Southeastern Oklahoma Regional Representative for the Oklahoma Association of Chiefs of Police board of directors. Chief Houser was appointed to the Commission by Governor Kevin Stitt in 2019.

Vic Regalado – Sheriff Member

Sheriff Vic Regalado began his law enforcement career with the Tulsa Police Department in 1994 as a Patrol Officer. He continued his twenty-two year career with the Tulsa Police Department, working a variety of assignments including Homicide Detective, Northeastern Violent Crimes Task Force Officer, S.W.A.T. Team Operator, and Organized Gang Unit Supervisor. He retired from the Tulsa Police Department as a Sergeant and supervisor of the Organized Gang Unit. Sheriff Regalado was sworn in as Sheriff of Tulsa County on April 11, 2016, after winning the Special Election. He was re-elected during the General election and was again sworn into office in January 2017. Sheriff Regalado was appointed to the Commission by Governor Mary Fallin in 2018.

Ron Cunningham – Lay Member

Ron Cunningham is the Executive Vice President, Power Delivery and Technology, with Western Farmers Electric Cooperative (WFEC). He has worked for WFEC since 1974, and he was promoted to senior management in 1995. At WFEC, Cunningham has worked in various positions including chief financial officer, general manager of Corporate Services, general manager of transmission and distribution services, and Vice President of power delivery, and treasurer and financial risk officer. Cunningham has served on numerous boards and committees including President and member of the Anadarko Board of Education. Cunningham was appointed to the Commission by Governor Mary Fallin in 2018.

Rick Stephens – Lay Member

Rick Stephens brings many years of law enforcement experience to the Commission. At age 18, Mr. Stephens worked as a dispatcher and jailer for the Mayes County Sheriff's Office. A few years later, he took a job as a police officer in Pryor while working his way through college. Mr. Stephens earned his bachelor's degree in criminal justice and worked as an OSBI agent during the 1980s and 1990s. He is one of the four lay members on the OSBI Commission. Mr. Stephens was appointed to the Commission in 2012 by Governor Mary Fallin.

W. Roger Webb – Lay Member

Roger Webb is the president emeritus of the University of Central Oklahoma after holding the position of president from 1997-2011. He was the Oklahoma Commissioner of Public Safety from 1974-1978 and president of Northeastern State University from 1978-1997. He earned a bachelor's degree from Oklahoma State University and his Juris Doctorate from the University of Oklahoma. He is presently Vice Chairman of the Board of Citizens Bank of Edmond. Mr. Webb was appointed to the Commission by Governor Mary Fallin in 2013.

Mikeal M. Clayton – Lay Member

Mikeal Clayton serves as senior counsel for the Boeing Company's worldwide defense Aircraft Modernization and Sustainment Division, overseeing the legal needs for numerous Boeing programs and businesses, including all of Boeing's Oklahoma City and San Antonio-based operations. He has also worked with the National Security Division of the U.S. Department of Justice, served as assistant U.S. attorney in the Western District of Oklahoma, and handled commercial litigation and white-collar defense matters with Vinson & Elkins, LLP. He received his Juris Doctorate with honors from the University of Texas School of Law. Clayton was appointed to the Commission by Governor Fallin in 2016.

Introduction

Background

The Uniform Crime Reporting (UCR) Program was developed by law enforcement as a tool for operational and administrative purposes. Under the auspices of the International Association of Chiefs of Police (IACP), the UCR Program was developed in 1930. Prior to that date, no comprehensive system of data collection existed on a national scale because the terminology used to define criminal behavior in criminal statutes varied among states. To overcome this problem, IACP developed standard definitions for crimes. At that time, law enforcement began to collect crime data using standard definitions created by the UCR Program. However, it was not until the 1960s that funds became available to develop state-level data collection systems. The Oklahoma State Bureau of Investigation (OSBI) assumed the statewide administration of the UCR Program on September 1, 1973 and began publishing annual reports of *Crime in Oklahoma*. This 45th annual report includes crime data collected in the 2018 calendar year.

Crime Factors

This report includes the most accurate and current crime data available for the State. Data provided in this report are based on offenses known to law enforcement; however, victims do not always report crime to law enforcement. For that reason, the OSBI cautions using the data reported to make direct comparisons among jurisdictions in the State. It is also important to note key differences between offense and arrest data. Offense data is reported for an event which may include several offenses, multiple offenders, and/or multiple victims. As a result, direct comparisons between offense and arrest data may be misleading. In addition, other factors may influence the amount of crime reported across jurisdictions, including:

- Population density and urbanization
- Composition of the population, particularly in reference to age
- Relative stability of population, especially concerning commuting patterns
- Transportation and highways
- Socioeconomic conditions, such as median household income, poverty, and unemployment
- Cultural factors, and educational, recreational, and religious makeup
- Family dynamics and structure
- Climate
- Effective strength of local law enforcement
- The administrative and investigative efficiency of the local law enforcement agency
- Policies of the prosecuting officials and the courts
- Public opinion toward crime
- Crime reporting practices of victims and citizens.

Objectives

The fundamental objectives of the Oklahoma UCR Program are:

- (1) Inform the Governor, Legislature, other governmental officials, and the public as to the nature, magnitude, and trends of crime in Oklahoma.
- (2) Provide law enforcement administrators with statistics for administrative and operational use.
- (3) Provide offender demographics in order to find the proper focus for crime prevention and enforcement.
- (4) Provide data and statistics for research to improve the efficiency, effectiveness, and performance of criminal justice agencies.
- (5) Provide the FBI with complete UCR data to be included in the national publication *Crime in the United States*.

Legislative Mandate

The *Crime in Oklahoma* report includes information provided by law enforcement agencies for known offenses. The Oklahoma Legislature mandated the responsibility and authority for UCR data collection and dissemination to the Oklahoma State Bureau of Investigation. Guidelines established through [Title 74 O.S. §150.10](#) are as follows:

- A. A uniform crime reporting system shall be established by the Oklahoma State Bureau of Investigation. The Director shall have the power and duty, when directed by the Commission, to collect and gather such information from such state agencies as may be prescribed in Section 150.1 et seq. of this title.
- B. The Oklahoma State Bureau of Investigation is hereby designated as the agency which shall collect, gather, assemble, and collate such information as is prescribed by this section.
- C.
 - 1. All state, county, city, and town law enforcement agencies shall submit reports to the Oklahoma State Bureau of Investigation on forms prescribed by the Bureau. The reports shall contain the number and nature of offenses committed within their respective jurisdictions, the disposition of such matters, and such other information as the Bureau may require, respecting information relating to the cause and prevention of crime, recidivism, the rehabilitation of criminals, and the proper administration of criminal justice.
 - 2. Any information taken from such information, data, records or reports submitted to the uniform crime reporting system and used to prepare the Uniform Crime Report shall be an open record pursuant to the Oklahoma Open Records Act. Requests for such information shall be submitted to the Bureau.
 - 3. Any request under the Oklahoma Open Records Act for any other information, data, records or reports submitted to the uniform reporting system by the Oklahoma State Bureau of Investigation shall be directed to the Bureau pursuant to Section 24A.20 of Title 51 of the Oklahoma Statutes. Such information, data, records or reports shall be considered investigative records of the Bureau and shall be subject to discovery and disclosure only in compliance with Section 150.5 of this title or other applicable statute.
 - 4. Any request under the Oklahoma Open Records Act for any information, data, records or reports submitted by a law enforcement agency other than the Oklahoma State Bureau of Investigation to the uniform crime reporting system shall be directed to the law enforcement agency submitting the information, data, records or reports to the Bureau unit pursuant to Section 24A.20 of Title 51 of the Oklahoma Statutes. Such information, data, records or reports shall be considered law enforcement records and shall be subject to discovery and disclosure only in compliance with Section 24A.8 of Title 51 of the Oklahoma Statutes or other applicable statute.
- D. Upon receipt of such information the Director shall have such data collated and formulated and shall compile such statistics as the Director may deem necessary in order to present a proper classification and analysis of the volume and nature of crime and the administration of criminal justice within this state.
- E. Refusal or persistent failure of any law enforcement agency to submit reports required by this section may result in discontinued access to Bureau information and assistance.

Reporting and Collection Procedures

Under Title 74 O.S. §150.10, all state, county, city, and town law enforcement agencies are required to submit crime data to the OSBI. Law enforcement agencies report the number of known offenses for the following categories: murder, manslaughter, rape, robbery, assault, burglary, larceny, and motor vehicle theft. Crime counts include “actual offenses known” without regard to (1) whether anyone is arrested for the crime; (2) the stolen property is recovered; (3) the local prosecution policy; and, (4) any other restrictive considerations. Law enforcement agencies also report the number of crimes cleared, either by arrest or exceptional means (a crime solution or clearance recorded when some element beyond law enforcement control precludes the placing of formal charges against the offender). Law enforcement also provides information on stolen property, circumstances surrounding all homicides, and circumstances surrounding officer assaults.

In addition, monthly reports for all persons arrested on all criminal offenses are collected. These reports provide demographic information on each person arrested, with adult and juvenile arrests reported separately. As required by Titles 74 O.S. §150.12B and 21 O.S. §850, UCR offenses reported are also utilized to identify domestic abuse and hate/bias motivation crimes.

Verification

A primary consideration in the collection of criminal statistics in Oklahoma is the uniformity and accuracy of crime data. While the Field Services Unit does provide training and technical assistance to local law enforcement, the accuracy of crime data included in this report cannot be guaranteed. Incident reports uploaded from external records management systems must meet the state's minimum requirements for submission before being accepted into the state repository. Incident reports that are not validated or properly corrected are not included in this report. Throughout the year, field service representatives work with reporting agencies to correct reporting errors. Ongoing communication (phone, email, and in person) with reporting agencies is essential to ensure the accuracy and quality of reporting.

Classification of UCR Offenses

Part I Definitions

Offense data consists of information extracted from reports of Part I offenses that have been submitted by law enforcement agencies in the State of Oklahoma.

1. Criminal homicide - The willful killing of a human being.
2. Rape - The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without consent from the victim.
3. Robbery - The forcible taking of the property of another against his/her will by force or fear, including attempts.
4. Aggravated assault - The unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury, including attempts.
5. Burglary (breaking and entering) - The unlawful or forcible entry of any structure to commit a felony or larceny, including attempts.
6. Larceny (theft) - The unlawful taking of property with intent to deprive another of ownership.
7. Auto theft (or other motor vehicle) - The larceny or attempted larceny of a motor vehicle.
8. Arson - Willful or malicious burning with or without intent to defraud, including attempts.
9. Human trafficking (commercial sex acts) - Inducing a person to take part in commercial sex acts.
10. Human trafficking (involuntary servitude) - Obtaining a person, and subjecting them to involuntary servitude, peonage, debt bondage, or slavery.

Part II Definitions

All other crimes not classified as Part I offenses are classified as Part II offenses. These crimes are only reported when an arrest has been made.

11. Assaults (other, not aggravated) - Assaults or attempted assaults that are simple and minor in nature.
12. Forgery/counterfeiting - Making, altering, uttering, or possessing, or attempts to make, alter, or possess with intent to defraud.
13. Fraud - Fraudulent conversion of another's money or property by false pretenses.

14. Embezzlement - Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.
15. Stolen property - All offenses of buying, receiving, and possessing stolen property, as well as all attempts to commit any of these offenses.
16. Vandalism - Willful or malicious destruction, injury, disfigurement, or defacement of property without consent of the owner or persons having custody or control.
17. Weapons (carrying, possessing, etc.) - All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers and all attempts to commit any of the offenses.
18. Prostitution and commercialized vice - Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, and all attempts to commit any of these offenses.
19. Sex offenses (except forcible rape, prostitution, and commercialized vice) - Statutory rape, offenses against chastity, common decency, morals, and the like, including attempts.
20. Drug abuse violations - All arrests for violations of state and local ordinances subdivided into the categories of possession and sale/manufacturing of narcotic drugs.
21. Gambling - Promoting, permitting, or engaging in gambling.
22. Offenses against family and children - Nonsupport, neglect, desertion, or abuse of family and children.
23. Driving under the influence - Driving or operating any motor vehicle while drunk or under the influence of liquor or drugs.
24. Liquor laws - State or local liquor law violations, except "drunkenness" and "driving under the influence."
25. Drunkenness - Consuming alcoholic beverages to the extent that one is mentally and physically impaired.
26. Disorderly conduct - Disturbing the public peace.
27. Vagrancy - Prohibiting a person from idling in a place or area (not reported in Oklahoma).
28. All other offenses - All other violations of state and local laws, except traffic violations.

29. Suspicion - Arrested for no specific offense, but released without formal charges filed (not reported in Oklahoma).
30. Curfew and loitering laws - Violations of curfew or loitering laws (applicable only to juveniles).
31. Runaway - Juveniles placed in protective custody as stipulated by local laws.

I

Index Crime Summary

Summary Analysis

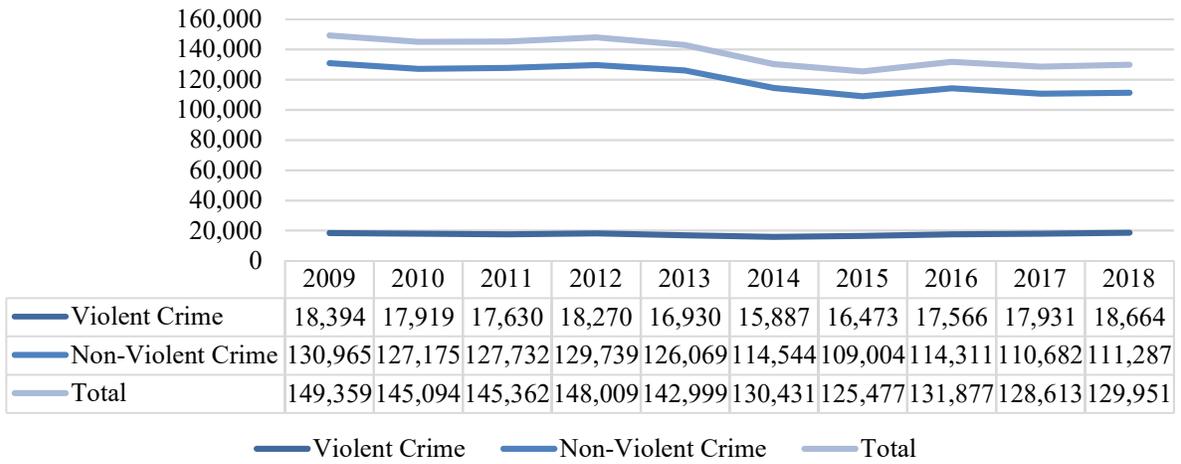

This section includes trend data for index crimes. Law enforcement agencies reported 129,951 index crimes in 2018, representing a 1.0% increase compared to 2017. Overall, violent crime increased 4.1% and non-violent crime increased 0.5% in 2018. Violent crime accounted for only 14.4% of reported index crimes, while non-violent crime accounted for 85.6% of crime reported in 2018. Index crimes have decreased 13.0% when compared to the 10 years (2009) prior to 2018.

Table 1. Index Crime Comparisons (2016-2018)

Offense Type	Year	Number of Offenses	% Change
Murder	2018	210	-14.6%
	2017	246	+2.9
	2016	239	-0.8
Rape	2018	2,465	+9.8
	2017	2,246	+5.2
	2016	2,134	+9.5
Robbery	2018	2,765	-7.2
	2017	2,978	-5.0
	2016	3,135	+5.9

Figure 1. Total Violent Crime, Non-Violent Crime, and Total Index Crime (2009-2018)

Violent Crime in Oklahoma

The number of violent crimes increased 4.1% compared to 2017. From 2009-2011, violent crime decreased 2-4% per year; however, violent crime increased 4% in 2012. For the following two years, violent crime decreased approximately 6-7% per year. Since 2015, violent crime has been rising 2-7% per year. Over the last 10 years (2009-2018), there have been an average of 218 murders per year, with the highest numbers of murders (246) reported in 2017. The number of murders in 2018 (210) is down 14.6% from 2017.

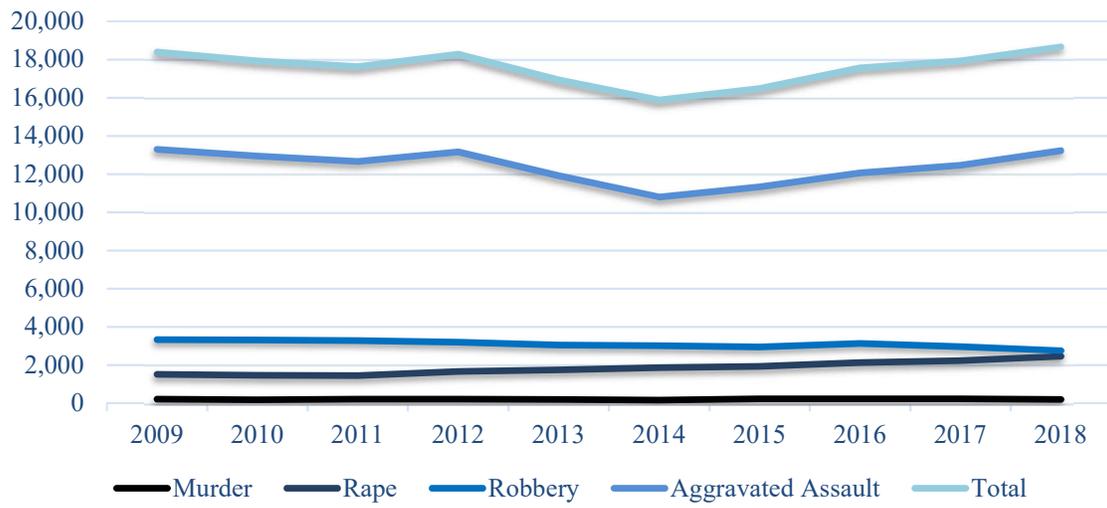

Reported rape has increased close to 10% in 2018, and for the last 10 years, rape has steadily increased 4-15% every year except in 2011 with a slight decrease. The number of robberies (2,765) reported in 2018 dropped 7.2% compared to 2017 (2,978). Robbery consistently decreased 1-9% per year until 2016 when it increased 5.9%. Robbery has decreased 5-7% for the previous two years (2017-2018).

Reported aggravated assaults have increased 6.1% in 2018. From 2009-2011, aggravated assaults decreased only 2-3% per year; aggravated assaults increased 4% in 2012. They decreased nearly 10% once more in 2013 and 2014. Since 2014, aggravated assaults have risen 3-6% per year.

Table 2. Total Violent Crimes Reported (2009-2018)

Year	Murder	Rape	Robbery	Aggravated Assault	Total
2009	229	1,526	3,339	13,300	18,394
2010	191	1,467	3,320	12,941	17,919
2011	219	1,459	3,287	12,665	17,630
2012	219	1,675	3,213	13,163	18,270

2016	239	2,134	3,135	12,058	17,566
2017	246	2,246	2,978	12,461	17,931
2018	210	2,465	2,765	13,224	18,664

Figure 2. Total Violent Crimes Reported (2009-2018)

Non-Violent Crime in Oklahoma

Reported non-violent crimes increased 0.5% in 2018. The value of property stolen in 2018 was \$20,368,795 more than that stolen in 2017. Of the \$257,264,980 worth of property stolen in 2018, 32.9% was recovered. The number of burglaries reported has declined nearly every year for the past 10 years. From 2009-2015, burglaries consistently decreased 1-12% per year; in 2016 and 2017, burglaries increased by only 2% compared to burglaries reported in 2015. Burglaries have dropped by 5.5% in 2018; the number of burglaries reported in 2018 is 29.6% less than what was reported in 2009.

Over the last 10 years (2009-2018), the number of larcenies reported has fluctuated from a low of 70,474 (2017) to a high of 82,814 (2009). On average, there were 76,776 larcenies reported per year since 2009, and larceny increased only 1.6% over the low reported in 2017. From 2009-2015, motor vehicle thefts have fluctuated (up or down) 2-9%; since 2016, motor vehicle thefts have continuously risen. Motor vehicle thefts rose 8.5% in 2018 compared to the prior year, and motor vehicle thefts have risen 26.3% compared to 10 years prior in 2009.

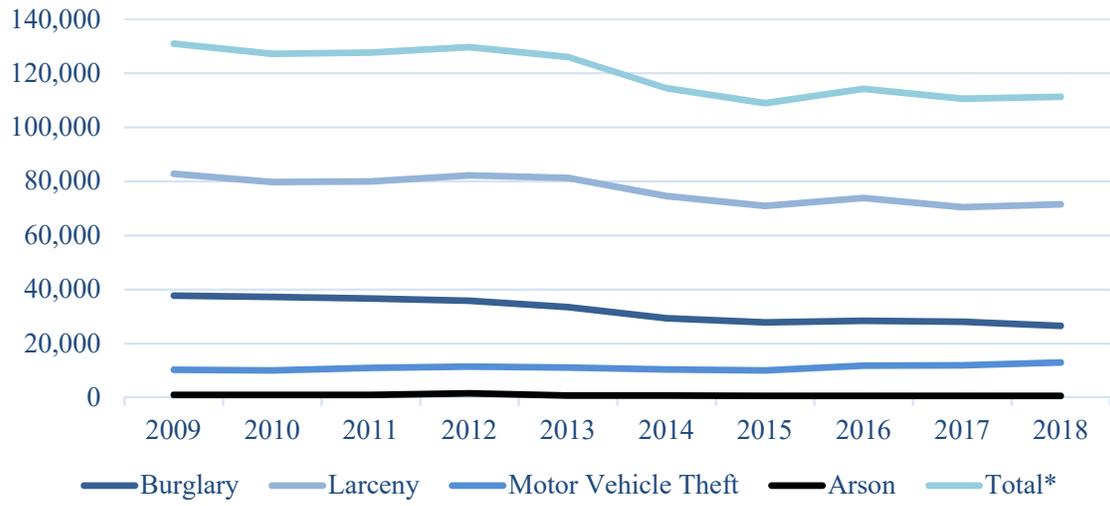

The number of arsons reported rose 6.1% in 2018, although this number is still 28.0% below the number of arsons reported in 2009. Arson is not included in the total number of non-violent crimes reported in Table 3. More information and statistics about arson are available in a separate section.

Table 3. Total Non-Violent Crimes Reported (2009-2018)

II

Index Crime

Index Crime Offenses

Summary Analysis

Law enforcement agencies reported 129,951 index crimes in 2018. Overall, the highest number of index crimes occurred in July, and the lowest number of index crimes occurred in February. The highest number of violent crimes were reported in August with 1,770. In February, with 1,267, the lowest number of violent crimes were reported. With 10,284, July had the highest number of non-violent crimes reported; the lowest number of non-violent crimes were reported in February with 7,566.

Figure 6. Non-Violent Crime, by Month (2016-2018)

Murder

Definition: The unlawful killing of a human being in which the element of malice aforethought was present.

Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This index offense, as in all other index crime offenses, is scored by law enforcement officials on the basis of their investigation and does not include the findings of a court or the filing decision of a prosecutor. Manslaughter, suicide, accidental death, and justifiable homicide are excluded from this category. Attempts to kill and assaults to kill are scored as assaults and not as murder.

Summary Analysis

Law enforcement agencies reported 210 murders in 2018. Murders accounted for 1.1% of all violent crimes and 0.2% of all index crimes reported. Law enforcement cleared 144 murders by arrest or exceptional means, representing a 68.6% clearance rate. Domestic murders (i.e., the murder of one family member by another) accounted for 21.4% of all murders, an 8.0% increase compared to 2017. Of the 45 domestic murders, 33.3% were intimate-partner murders (i.e., one spouse killing the other). For the purpose of this section, domestic murders were calculated using data collected by the UCR supplemental homicide form in Table 11. Domestic murders in Section 6 (Domestic Abuse and Hate/Bias Crime) are collected from a different form in the UCR program.

Of the 210 murders reported in 2018, 19.5% occurred in conjunction with the offenses of robbery or burglary. Law enforcement agencies reported 144 persons were arrested for murder, 58.3% were White, 31.9% were Black, 8.3% were American Indian, and 0.7% were Asian. Law enforcement determined the victim-offender relationship in 153 of the 210 murders.

Rape

Definition: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without consent from the victim.

For the purpose of UCR, rape is divided into two categories: (1) rape by force; (2) attempts to rape. Assaults to commit forcible rape are also included in the index offense category of rape.

Summary Analysis

Law enforcement reported 2,465 forcible and attempted rapes in 2018, which is an increase of 9.8% compared to 2017. Rape represented 13.2% of all violent crimes and 1.9% of index crimes. Law enforcement cleared 543 rapes by arrest or exceptional means, resulting in a clearance rate of 22.0%. In 2018, law enforcement agencies reported 225 persons were arrested for rape; 64.9% were White, 26.2% were Black, 8.0% were American Indian, and 0.9% were Asian. The age group of 25-29 represented the highest numbers arrested with 17.3%.

Robbery

Definition: The felonious and forcible taking of property from the care, custody, or control of a person or persons by violence or putting the person in fear and against his/her will.

In order for the crime of robbery to take place, the victim must be present. Robberies are reported in the following categories: gun, knife or cutting instrument, other dangerous weapon, and strong-arm robbery.

Summary Analysis

Law enforcement reported 2,765 robberies in 2018, representing 14.8% of all violent crimes and 2.1% of all index crimes. Law enforcement cleared 721 robberies, resulting in a 26.1% clearance rate. Law enforcement agencies reported 656 persons were arrested for robbery; 41.9% were White, 50.9% were Black, 6.7% were American Indian, and 0.5% were Asian. The value of property stolen in robberies totaled \$3,691,972. Of the 2,765 robberies reported, 31.6% occurred at a residence, 18.1% were on a highway, and 19.6% were at a commercial house. Out of the 2,765 robberies, 64.2% were committed with a weapon; 46.8% of robberies were committed with a gun.

Aggravated Assault

Definition: The unlawful attack or an attempt to attack through force or violence to do physical injury to another.

An aggravated assault may be committed with a gun, knife or other cutting instrument, other dangerous weapon, or through the aggravated use of hands, fists, or feet. Any assault, where no weapon is used and which results in minor injuries, is classified as non-aggravated assaults. Non-aggravated assaults are not counted in the index crime totals.

Summary Analysis

Law enforcement reported 13,224 aggravated assaults, representing 70.9% of all violent crimes and 10.2% of all index crimes reported. Law enforcement cleared 5,704 aggravated assaults, representing a 43.1% clearance rate. The most prevalent type of weapon used in an aggravated assault in 2018 was “Other Dangerous Weapon;” this weapon type represented 31.7% of the crimes reported. Personal weapons (i.e. Hands, Fists, and Feet) accounted for 28.0% of the aggravated assaults. For 2018, law enforcement agencies reported 4,072 persons were arrested for aggravated assault; 61.2% were White, 29.9% were Black, 8.3% were American Indian, and 0.6% were Asian.

Burglary

Definition: Any unlawful or attempted forcible entry of a structure to commit a felony or larceny, even though force may not have been used to gain entry.

For UCR purposes, the offense of burglary is divided into three categories: (1) forcible entry; (2) unlawful entry; (3) attempted forcible entry.

Summary Analysis

Law enforcement agencies reported 26,630 burglaries, representing 23.9% of all non-violent crimes and 20.5% of all index crimes reported. Law enforcement cleared 2,355 burglaries, representing an 8.8% clearance rate. Of the 2,506 offenders arrested for burglary, 68.4% were white, 23.3% were black, 7.8% were American Indian, and 0.3% were Asian. Of all offenders arrested for burglary, 12.5% were under the age of 18. The estimated property value of stolen items was \$65,587,989. The majority of burglaries (72.3%) occurred at residences and resulted in a total loss of \$42,872,862.

Larceny

Definition: The unlawful taking of property of another with intent to deprive him/her of ownership without the use of force, violence, or fraud.

For reporting purposes, larcenies are specifically categorized as crimes resulting from: (1) pocket picking, (2) purse snatching, (3) shoplifting, (4) theft from a motor vehicle, (5) theft of motor vehicle parts and accessories, (6) bicycle theft, (7) theft from buildings, and (8) theft from any coin operated machine. Any remaining crimes of theft are classified in the “all other” category.

Summary Analysis

Law enforcement agencies reported 71,602 larcenies, representing 64.3% of all non-violent crimes and 55.1% of all index crimes reported. Law enforcement cleared 11,440 larcenies, resulting in a 16.0% clearance rate. Juveniles accounted for 10.8% of offenders arrested for larceny, while 21.1% of offenders arrested for larceny were between the ages of 18 and 24. The estimated total value of property stolen during the commission of a larceny was \$82,679,222, representing 32.1% of the total value of property stolen during crimes committed in 2018. Law enforcement agencies reported 11,539 persons were arrested for larceny; 72.6% were white, 20.7% were black, 6.1% were American Indian, 0.6% were Asian, and 0.1% were Hawaiian/Pacific Islander.

Motor Vehicle Theft

Definition: The unlawful taking or attempt to take a motor vehicle.

The term “motor vehicle” includes those self-propelled vehicles which run on a land surface and not on rails. Thefts of farm equipment, bulldozers, airplanes, and construction equipment are not included in the definition of a motor vehicle. Joyriding is included in this category. Motor vehicle theft is divided into three categories: (1) autos; (2) trucks and buses; and (3) other vehicles.

Summary Analysis

Law enforcement agencies reported 13,055 motor vehicle thefts, representing 11.7% of all non-violent crimes and 10.0% of all index crimes reported. Law enforcement cleared 1,363 motor vehicle thefts, resulting in a 10.4% clearance rate. Of the 857 offenders arrested for motor vehicle theft, 75.8% were white, 15.1% were black, 8.5% were American Indian, 0.5% were Asian, and 0.1% were Hawaiian/Pacific Islander. Juveniles accounted for 9.5% of those arrested for motor vehicle theft, while 22.3% of offenders arrested for motor vehicle theft were between the ages of 18 and 24. Law enforcement recovered 8,793 stolen vehicles, resulting in a 67.4% recovery rate. The average value of stolen motor vehicles was \$8,059.99.

Arson

Definition: Any willful or malicious burning, or attempt to burn, with or without intent to defraud.

Arson applies only to those fires determined through investigation to have been willfully or maliciously set. Attempts to burn are included in the arson report, but fires of suspicious or unknown origin are not. For the purposes of UCR, index crimes only include: murder, rape, robbery, aggravated assault, burglary, larceny, and motor vehicle theft. Arson data can be a part of an index crime that has been reported, and it is not included in index crime totals to prevent double counting a crime.

Summary Analysis

Law enforcement agencies reported 734 arsons; of those, 415 were structural, 153 mobile, and 166 “all other.” Law enforcement cleared 153 arsons, representing a 20.8% clearance rate. The estimated property value for all reported arsons was \$8,483,587. Arsons reported at single occupancy residences increased 27.7% from 2017. The guidelines used by fire departments to report arson to the State Fire Marshal’s Office differ from those in which the UCR Program obtains its data from law enforcement agencies. For more information on arson, please contact the Oklahoma Fire Incident Reporting System (OFIRS) at:

III

Property Stolen and Recovered

Summary Analysis

Law enforcement agencies report supplemental data on crimes that involve money and/or stolen property. The total value of all property stolen was \$257,264,980, representing an increase of 8.6% compared to the previous year. Law enforcement also recovered 13.6% more money and/or stolen property compared to 2017.

IV

Arrest and Clearance Data

Arrest and Clearance Data

Summary Analysis

The Oklahoma UCR Program requests the monthly submission of data concerning persons arrested in Oklahoma. Arrests are reported for both Parts I and II crimes. A person is counted on the monthly arrest report each time he/she is arrested, and the same person may be arrested several times during the reporting period. If a person is arrested for multiple crimes, only the most serious crime will be reported on the arrest report. Oklahoma law enforcement reported 108,858 arrests in 2018, representing a 4.6% decrease compared to 2017 and a 16.5% decrease from five years prior (2014).

Clearance Rate

For crime reporting purposes, an index crime is considered cleared when: (1) a law enforcement agency has identified the offender; (2) there is enough evidence to charge the offender; and (3) the offender is actually taken into custody. The arrest of one person may clear several crimes or the arrest of several persons may clear only one crime. An arrest may also be reported as cleared if some element beyond the control of law enforcement is present (e.g., death of offender). Clearance rate is reported independent of the arrest data in the following section (see Glossary).

Table 31. Index Crimes, Clearance Rates (2016-2018)

Offense	2016			2017			2018		
	No. of Crimes	No. Cleared	Clearance Rate	No. of Crimes	No. Cleared	Clearance Rate	No. of Crimes	No. Cleared	Clearance Rate

Overview of Juvenile Arrests

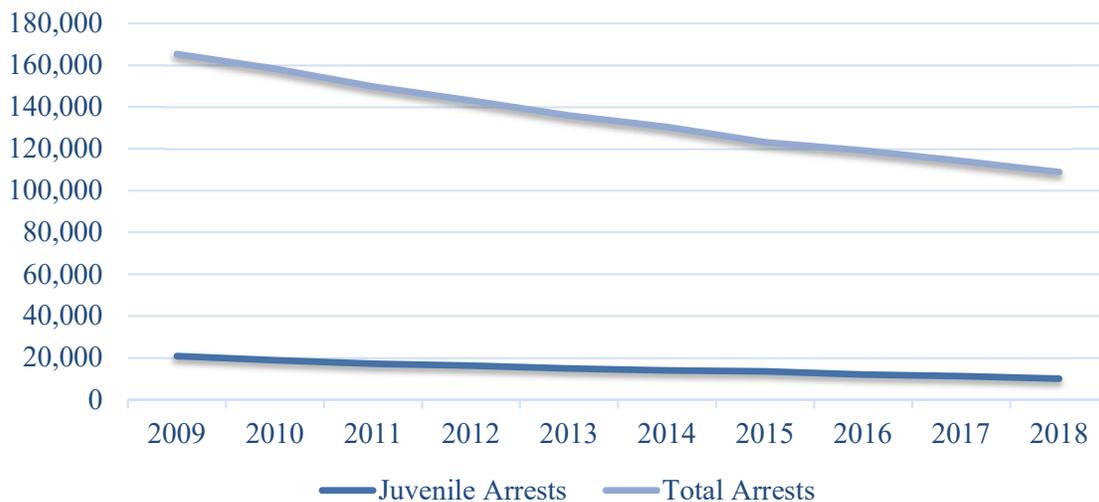

Summary Analysis

Juveniles accounted for 9.2% of all arrests, and 10.3% of all arrests for index crimes in 2018. Drug related arrests accounted for 11.8% of juvenile arrests, while 4.1% of juvenile arrests were related to alcohol. Juvenile arrests have decreased steadily since 2009, with a 28.6% decrease between 2018 and five years prior (2014).

Table 32. Total Juvenile Arrests (2009-2018)

Year	Juvenile Arrests	Total Arrests	Percent (%)
2009	20,880	165,270	12.6%
2010	18,943	158,262	12.0
2011	17,205	149,685	11.5
2012	16,357	142,976	11.4
2013	14,868	135,892	10.9
2014	14,048	130,340	10.8
2015	13,590	123,157	11.0
2016	12,013	119,179	10.1
2017	11,202	114,135	9.8
2018	10,025	108,858	9.2

Figure 28. Total Juvenile Arrests (2009-2018)

For purposes of this data collection, “arrest” refers to the police handling of juveniles who have committed a crime and are taken into custody when, under the same circumstances, the crime would warrant the arrest of an adult. Police contacts are not counted as arrests if no crime has been committed.

Table 33. Juvenile Arrest Dispositions (2016-2018)

Disposition	2016	2017	2018
Handled Within Department and Released	5,903	5,826	5,267

Overview of Adult Arrests

Summary Analysis

Adults accounted for 90.8% of all arrests, and 89.7% of all arrests for index crimes. Drug related arrests accounted for 18.0% of adult arrests, while 21.4% of adult arrests were related to alcohol. Oklahoma County accounted for the highest percentage of index crime, drug-related, and alcohol-related arrests. Adult arrests have, like juvenile arrests, decreased steadily since 2009, with a 15.0% decrease between 2018 and five years prior (2014).

Table 35. Adult Arrests (2009-2018)

Year	Adult Arrests	Total Arrests	Percent (%)

V

Law Enforcement Officers
Killed or Assaulted

Officers Killed or Assaulted

The Oklahoma UCR Program requires the collection of statistical information relating to law enforcement officers killed in the line of duty and the number assaulted while on duty.

In 2018, Oklahoma law enforcement reported zero (0) officers killed as the result of a felonious act and zero (0) officers killed as the result of an accident or negligent act. A total of 995 assaults on law enforcement officers were reported in 2018, representing a 5.2% increase compared to 2017. In 28.2% of officer assaults, officers were responding to a disturbance call. Additionally, officer assaults when handling or transporting a prisoner has remained stable since 2016 with an average of 176 assaults.

Table 38. Officer Assignment Information (2016-2018)

Domestic Abuse and
Hate/Bias Crime

Domestic Abuse

Definition: Threatening, causing or attempting to cause serious physical harm between family or household members.

Domestic abuse includes such offenses as murder, sex crimes, assault, and assault and battery. Family or household members are defined as current or former spouses, parents, foster parents, children, persons otherwise related by blood or marriage, or living in the same household or who formerly lived in the same household. Also included in this category are persons in dating relationships (defined as courtships or engagement relationships) or someone with whom they had a child. It also includes the elderly and handicapped. Domestic abuse has increased by 5.4% since 2017, with a 25.3% increase in assaults. The most common offense reported was assault and battery, the most common day of the week for domestic abuse was Sunday, and the most common time of day was 21:00-22:00.

Law Enforcement Employee Data

Definition: Persons employed as full-time sworn officers and full-time civilian employees.

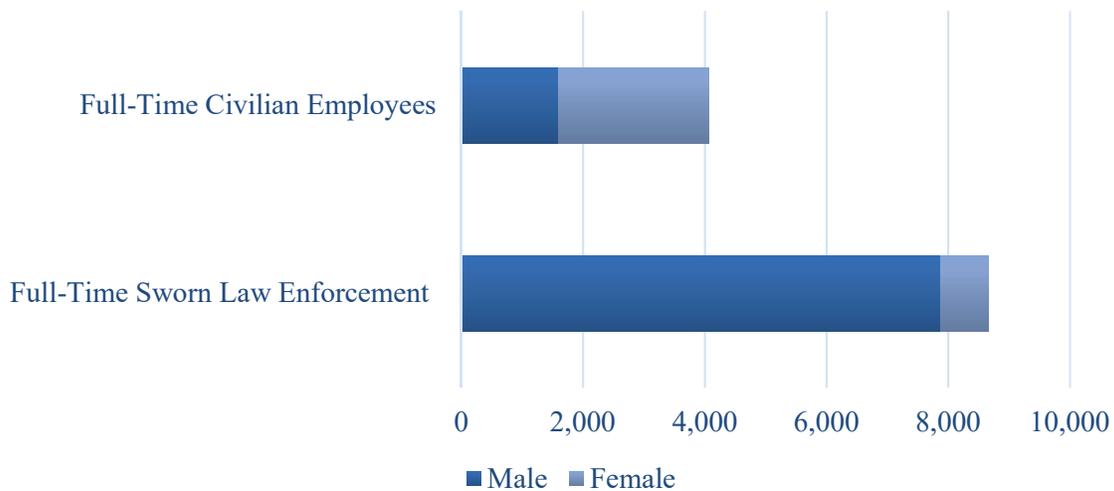

The figures below represent a compilation of forms sent to all reporting law enforcement agencies throughout the state on an annual basis. With the exception of persons who perform guard or protection duties and who are not paid from police funds (i.e., school crossing guards, special officers, and merchant police), these figures reflect the number of full-time sworn personnel with full arrest power, including the chief, sheriff, commissioner, and superintendent. The figures do not include employees of the OSBI, or those law enforcement agencies which do not contribute to the UCR Program.

Civilians include clerks, radio dispatchers, meter maids, stenographers, mechanics, etc., provided these persons are full-time employees of the agency. Neither employees who are compensated from a source other than police funds, nor those receiving salaries from federal grants are included. In 2018, Oklahoma’s law enforcement rate was 3.2 employees per 1,000 residents. Full-time sworn law enforcement has increased 23.4% from five years prior (2014).

Table 51. Full-Time Law Enforcement and Civilian Employees

	Male	Female	Total
Full-Time Sworn Law Enforcement	7,880	777	8,657
Full-Time Civilian Employees	1,605	2,467	4,072
Total	9,485	3,244	12,729

Figure 38. Full-Time Law Enforcement and Civilian Employees

Contributors

The section beginning on page 7-4 (Table 52) is listed in alphabetical order by county, and then in numerical order by the Originating Agency Identifier (ORI) assigned to reporting agencies within each county by the Federal Bureau of Investigation (FBI). An alphabetical listing of all reporting cities or police departments has been included in this publication; these agencies also have been cross-referenced to their respective counties.

The following section, beginning on page 7-9 (Table 53), includes a specific breakdown of index crime offenses by each contributing law enforcement agency for the years 2016, 2017, and 2018. It must be remembered that the total index crime offenses reported are shown here, and the statistics include each month an agency reported. **A footnote key for Table 53 can be found on page 7-63.**

As is apparent, the delinquency of reports greatly hampers the Oklahoma UCR Program. In some states, crime trend data is only computed for those agencies that have a complete reporting record for the year or years. Others use estimated data for those agencies that did not submit reports for each month. The Oklahoma UCR Program uses the total number of offenses reported in its analysis as part of a continuing endeavor to provide complete crime statistics for the State of Oklahoma.

History of Oklahoma’s Crime Reporting Program

During 1973, an average of 65 law enforcement agencies contributed monthly reports directly to the FBI. The OSBI assumed the statewide administration of the UCR Program on September 1, 1973. Since that time, an astounding increase in the number of agencies who report directly to the OSBI has occurred.

The OSBI maintains the UCR Program, also known as the Summary Reporting System (SRS) and the State Incident-Based Reporting System (SIBRS). The State of Oklahoma and the nation are transitioning from a summary reporting system, or UCR, to an incident-based reporting system. Compared to the traditional SRS format, the incident-based reporting format is capable of providing more detailed information about crime incidents. SIBRS collects data for 53 crimes compared to the 8 crimes collected by the SRS. In SIBRS, arrests and clearances are linked to incidents, attempted crimes are separated from completed, and every offense in a crime incident is recorded and counted. A report in SIBRS collects information about the victims, offenses, and offenders.

The FBI intends to transition from using UCR and the National Incident-Based Reporting System (NIBRS) to only accepting NIBRS compatible data by 2021. Therefore, the OSBI is working diligently to ensure all of Oklahoma’s law enforcement agencies are verified to submit to SIBRS, and in turn to NIBRS. As of 2018, Oklahoma has 90% of their law enforcement agencies reporting crime data using the incident-based reporting format. However, only 50% of Oklahoma’s population is covered by SIBRS agencies, as some of Oklahoma’s largest agencies have not transitioned from UCR to SIBRS. Table 54 shows the number of SIBRS and UCR agencies in Oklahoma between 2016-2018.

Table 54. Number of SIBRS and UCR Agencies, by Agency Type (2016-2018)

Agency Type		2016	2017	2018
SIBRS	Police Department	247	256	273
	Sheriff's Office	68	68	70
	Campus Police	15	19	22
	Tribal Police	7	8	8
	State Agency	3	3	4
SIBRS Total		340	354	377
UCR	Police Department	34	31	30
	Sheriff's Office	9	8	6
	Campus Police	6	6	5
	Tribal Police	0	0	0
	State Agency	1	0	0
UCR Total		50	45	41
Total Agencies		390	399	418

Figure 39. Number of SIBRS and UCR Agencies (2016-2018)

The Office of Criminal Justice Statistics (OCJS) at OSBI has performed multiple studies and analyses of SIBRS data. The most recent study conducted by OCJS was *An Analysis of Intimate Partner Murders in Oklahoma Using Incident-Based Reporting Data*. In this study, OCJS performed a qualitative and quantitative analysis of intimate partner murders (IPMs) in Oklahoma between 2011-2016.

OCJS found the following information from studying IPMs.

- Two reports had a secondary offense.
- Tulsa County reported the highest number of IPMs for that period.
- Researchers found the gender of victims and offenders was evenly distributed between male and female.
- More than 57% of IPM reports occurred between November and February
- IPMs were reported the most from 21:01-23:00.
- Firearms accounted for 47.5% of weapon types used in IPM, with a knife and/or cutting instrument as the second most common weapon type.

The information previously described is only a brief look into what an incident-based report can provide for each incident. While some of this information is available in the SRS format, it is only available for the offense of murder. However, this information and more is available for every offense using the incident-based reporting method.

The full report for *An Analysis of Intimate Partner Murders in Oklahoma Using Incident-Based Reporting Data* and other publications can be found on OSBI's website under the [OCJS/Statistical Analysis Center](#).

Contributor History

There were 418 law enforcement agencies in 2018 that provided UCR data directly to the OSBI's UCR state repository.

The following is a list of agencies that reported partial data or failed to report data during calendar year 2018. Statistics in this publication are reported as they are received from an agency during the calendar year and data received is not calculated or averaged to compensate for partial or missing data. For this reason, there may be discrepancies when comparing data in this publication with data in *Crime in the United States*.

Statement of Regulations

Statement of Policy

The following regulations will be observed by this agency concerning the release of statistical information. Employees of the agency will observe these procedures and will not deviate from this policy without the express consent of the Director of the Oklahoma State Bureau of Investigation. All information to be released will originate from the Field Services Unit of the Oklahoma State Bureau of Investigation.

Regulations

1. This agency will publish an annual report reflecting crime in Oklahoma. This report will be distributed to the Governor, members of the Legislature, the Attorney General, law enforcement agencies, the State Library System, and to any agency or committee dedicated to law enforcement or criminal justice work. An electronic copy of the report will be made available on the OSBI website.
2. Published annual reports will be released to the above named agencies at no charge. They will then be released to individuals or agencies extraneous to the criminal justice community who shall pay a fee of five dollars (\$5.00) for every copy received.
3. UCR Information Requests:
 - A. Information contained in the published annual report may be released via telephone, letter, etc., to any interested party.
 - B. All requests for unpublished information from agencies or individuals extraneous to the criminal justice community should be submitted to the Office of Criminal Justice Statistics (OCJS). In accordance with the Oklahoma Open Records Act, all requests may be subject to a charge. Standard practice is to provide data in a PDF or hard copy format to prevent manipulation of data. Exceptions to this practice can be submitted to the director of the OCJS for consideration.
 - C. Law enforcement agencies may receive interim, unpublished, specialized reports identifying their agency only, provided the request is reasonable. Law enforcement agencies may also receive their respective county totals along with state or regional totals. All requests should be directed to the Supervisor of the Field Services Unit.

X

Appendix

Glossary of Terms

Adult - For UCR purposes, a person 18 years of age or older.

Arrest Rate - The number of arrests reported for Part I and Part II offenses for each unit of population, generally per 100,000. The arrest rate is computed in the same manner as crime rates.

Clearance Rate - The number of clearances reported for Part I offenses. This rate is determined by dividing the number of clearances by the number of offenses.

Cleared By Arrest - For UCR purposes, an offense is cleared by arrest or solved when at least one person is (1) arrested, (2) charged with the commission of the offense, and (3) turned over for prosecution.

Crime Index - The sum total of the seven major offenses used to measure the extent, fluctuation, and distribution of crime in a given geographical area. Crime classifications used in the index are: (1) murder, (2) forcible rape, (3) robbery, (4) felonious assault, (5) breaking and entering, (6) larceny (theft), and (7) motor vehicle theft. Each of these offenses is referred to as an "index crime."

Crime Rate - The number of index crimes reported for each unit of population, generally 100,000. Crime rates are computed for communities by dividing the number of index crimes by the population and multiplying the answer by 100,000.

Environmental Factors – Conditions which affect the amount and type of crime that occurs in a geographical area.

Exceptional Clearance - A crime solution or clearance recorded when some element beyond law enforcement control precludes the placing of formal charges against the offender.

Juvenile - For UCR purposes, a person under the age of 18.

Non-Violent Crime - Consists of the index crimes of breaking and entering, larceny (theft) and motor vehicle theft.

Part I Offenses - The first of two main categories of crime classes comprising a universal crime classification system established for crime reporting purposes. Part I offenses are by their nature more serious and/or occur with greater frequency. The monthly tabulation of Part I offenses provides a count of "offenses known."

Part II Offenses - The second of two main categories of crime classes comprising a universal crime classification system established for crime reporting purposes. Part II offenses are generally less serious in nature and/or occur less frequently. Monthly tabulations of Part II offenses are limited to arrest information only.

Violent Crime - Consists of the index crimes of murder, rape, robbery, and aggravated assault.
