Digital Evidence Submission Announcement Effective August 27th, 2018

Effective August 27th, 2018, digital evidence submissions will be accepted in OSBI regional labs in McAlester and Tahlequah. Due to space limitations, only cell phone cases will be accepted in Lawton. Digital evidence submissions will still continue to be accepted at the AT&T Digital Forensics Lab at UCO in Edmond as well.

Please note that all digital evidence work will still be performed in Edmond. If you have a case that needs to be rushed, please do not submit it to a regional lab. Instead contact James Bogle at (405) 974-6954 to arrange for rush handling.
