**RETURN TO:** OSBI HQ, 6600 N Harvey Place, Oklahoma City, OK 73116

**Description of Amendment:**

a. This is to incorporate the following:

**Section C.1.3. states the following:**

*Shall be able to print at least 165 cards per hour, double sided (Full Color photo on the front, and black and white on the back) with front lamination.*

**VENDOR QUESTION:**

Is this requirement spec'd around a specific printer model? I don't see a printer that can print 165 cards per hour or 2.75 cards per minute double sided with lamination.

**OSBI RESPONSE REPLACES SECTION C.1.3.:**

Upon further review, the printer shall be able to print **at least 150 cards per hour**, double sided (Full Color photo on the front and black and white on the back) with Front Side Lamination only.

This requirement is not based on a particular printer but research of available license printers.

**Section C.1.4.1.**

*Capability to print up to 400 licenses in one job.*

**VENDOR QUESTION:**

Is this requirement with or without user intervention? Does the card input and output hoppers have to support 400 licenses without a user adding and removing cards?

**OSBI RESPONSE:**

This requirement can have user intervention, the hoppers do not have to hold the 400 cards. We just need the printer to be able to handle printing a 400 card print job.

b. All other terms and conditions remain unchanged.
